MUNICIPAL CODE REQUIREMENTS FOR A CONDITIONAL USE PERMIT: Pursuant to the Huntington Park Municipal Code (HPMC) section 9-4.202, accessory drive-thru establishments may be permitted provided a Conditional Use (CUP) has been granted by the Planning Commission.

REQUIRED FINDINGS FOR A CONDITIONAL USE PERMIT: Following a hearing, the Planning Commission shall record its decision in writing and shall recite the findings upon which the decision is based. The Commission may approve and/or modify a CUP application in whole or in part, with or without conditions, only if all of the following findings are made:

1. The proposed use is conditionally permitted within, and would not impair the integrity and character of, the subject zoning district and complies with all of the applicable provisions of this Code;
2. The proposed use is consistent with the General Plan;
3. The approval of the CUP for the proposed use is in compliance with the requirements of the California Environmental Quality Act (CEQA) and the City's Guidelines;
4. The design, location, size, and operating characteristics of the proposed use are compatible with the existing and planned future land uses within the general area in which the proposed use is to be located and will not create significant noise, traffic, or other conditions or situations that may be objectionable or detrimental to other

permitted uses operating nearby or adverse to the public interest, health, safety, convenience, or welfare of the City;

5. The subject site is physically suitable for the type and density/intensity of use being proposed; and
6. There are adequate provisions for public access, water, sanitation, and public utilities and services to ensure that the proposed use would not be detrimental to public health and safety.

**ENVIRONMENTAL
REVIEW:**

Categorically Exempt pursuant to Article 19, Section 15301 (Existing Facilities) of the California Environmental Quality Act (CEQA) Guidelines.

**PROJECT
BACKGROUND:**

• ***Project Proposal***

The applicant, Curtom-Dunsmuir, is proposing an additional ATM machine and new drive-thru lane to an existing commercial bank site.

Other project related tenant improvements include: new lane bollards, a new integrated ATM canopy, a relocated landscaped concrete median, a new trash receptacle, new lighting, a new clearance bar, and a redesign of adjacent parking stalls.

• ***Business Operation***

The proposed ATM and drive-thru would be operated by the existing commercial tenant; Bank of America. Bank of America proposes to operate the new ATM seven days a week, 24-hours a day to match the existing ATM operations.

There are currently seven existing ATM machines at the building; two at the north elevation of the building, four at the east elevation of the building along Pacific Blvd., and one at the south elevation of the building at the existing drive-thru lane.

PLANNING COMMISSION AGENDA REPORT

PC CASE NO. 2020-06 CUP 5931 Pacific Blvd

Page 4 of 12

- ***Site Description***

The subject site is located on the west side of Pacific Blvd between Slauson Avenue and Belgrave Avenue. The subject site measures approximately 37,500 square feet (0.86 acres). It is bordered by commercial uses to the south, north, east, and west. The subject site is currently developed with a single tenant commercial building which measures approximately 10,402 square feet. Two adjacent parcels, located northeast of the subject site, are also owned by Bank of America and are used for additional parking for the commercial use. A public alley is located between the subject site and the additional parking. The three parcels operate as one contiguous site with driveways that cross over the alley.

- ***Drive-Thru, Circulation, and Off-Street Parking***

An additional drive-thru lane is proposed that will provide automated banking services to patrons. The proposed ATM machine would be located on a landscaped median that separates the existing drive-thru lane from the proposed drive-thru lane. The proposed drive-thru will be an accessory use to the existing commercial bank.

Customers would continue to access the ATM drive-thru lanes from the westerly alley and across the driveways at the adjacent parking lot. Vehicles would continue to exit the property via the one-way drive-thru lanes onto Pacific Blvd.

The property would have a parking lot consisting of a total of 87 parking spaces and two one-way drive aisles that are 12 feet wide.

PROJECT ANALYSIS:

- ***Business Operation***

The proposed ATM machine will provide additional automated banking services to the community on a 24-hour basis. The proposed ATM will offer the same services that the existing seven ATM machines currently offer. It is reasonable to assume that Huntington Park residents may benefit from the additional services due to decreased wait times and queueing of patrons and vehicles.

Page 5 of 12

• ***Drive-thru, Circulation, and Off-Street Parking***

The existing concrete median with landscaping would be reduced in width and relocated to maintain adequate aisle widths. Included on the concrete median are a new trash receptacle, a new light pole, a new clearance bar, and the proposed ATM machine and canopy. The project is also proposing new lane bollards to separate the proposed drive-thru lane and proposed one-way vehicle access lane. The circulation and queuing plan for the proposed accessory drive-thru lane has been reviewed and indicates that sufficient circulation and queuing will be provided throughout the site.

It is reasonable to assume that the addition of a new drive-thru lane and ATM will reduce queueing and wait times at the existing ATM machine. This should result in less cars lining up into the existing alley and reduced traffic throughout the site.

The proposed site plan will require removal of the ten existing angled parking stalls along the southerly portion of the property adjacent to the drive-thru. The stalls would be replaced by four parallel parking stalls. This results in a net reduction of six parking spaces. However, the site would provide 87 parking spaces which exceeds the required 26 spaces required per the Huntington Park Municipal Code (HPMC). As noted, the subject site has a total of 86 parking spaces for the comprehensive site. The number of parking spaces have been determined to be sufficient based on the fact the there is no change in use or additional square footage proposed.

• ***Conditional Use Permit Findings***

In granting a Conditional Use Permit to allow the new ATM and drive-thru lane, the Planning Commission must make findings in connection with the Conditional Use Permit, as set forth in the Huntington Park Municipal Code (HPMC). A Conditional Use Permit may be approved only if all of the following findings are made:

Page 6 of 12

- 1. The proposed use is conditionally permitted within, and would not impair the integrity and character of, the subject zoning district and complies with all of the applicable provisions of this Code.**

Finding: The proposed accessory drive-thru is conditionally permitted within the subject zoning district. The subject zoning district, Commercial General (CG), is intended to provide for restaurants, general retail, professional office, and service-oriented business activities serving a community-wide need under design standards that ensure compatibility and harmony with adjoining land uses. In addition, the proposed project complies with the requirements of the HPMC.

- 2. The proposed use is consistent with the General Plan.**

Finding: The proposed project is consistent with the General Plan, specifically, the proposed use is consistent with Goal 1.0; Policy 1.2 of the Land Use Element of the General Plan by encouraging community-oriented service in Huntington Park while continuing to revitalize Pacific Boulevard as a regional retail destination. The proposed ATM drive-thru will provide the community with enhanced service-oriented options.

- 3. The approval of the Conditional Use Permit for the proposed use is in compliance with the requirements of the California Environmental Quality Act (CEQA) and the City's Guidelines.**

Finding: The proposed use of an accessory drive-thru is Categorically Exempt pursuant to Article 19, Section 15301 (Existing Facilities) of the California Environmental Quality Act (CEQA) Guidelines.

- 4. The design, location, size and operating characteristics of the proposed use are compatible with the existing and planned future land uses within the general area in which the proposed use is to be located and will not create significant noise, traffic or other conditions or situations that may be objectionable or detrimental to other permitted uses operating nearby or adverse to the public interest, health, safety, convenience or welfare of the City.**

Finding: The proposed project is located on a lot that measures approximately 37,500 square feet. The design, location, size, and operating characteristics of the proposed drive-thru facility is not expected to be detrimental to the public health, safety and welfare of the City. The proposed project will be harmonious and compatible with the existing commercial and service uses presently located within the vicinity and zoning district. The design, materials, and aesthetics of the proposed ATM match the existing building. Additionally, the site has adequate vehicle circulation, parking, and access. The addition of a new drive-thru lane and ATM will reduce queueing and wait times at the existing ATM machine. The operation of the proposed ATM and drive-thru lane will match the operation of the existing ATMs. The proposed project should result in less cars lining up into the existing alley and reduced traffic throughout the site.

- 5. The subject site is physically suitable for the type and density/intensity of use being proposed;**

Finding: The proposed project is located on a lot that measures approximately 37,500 square feet. In addition, the subject site is currently developed with an existing single tenant commercial building measuring 10,402 square feet. The project does not propose any additional square footage. The subject tenant space has historically been utilized as a commercial banking use with multiple ATMs and an existing drive-thru lane. Therefore, the subject site is physically suitable for the type and density/intensity of the use being proposed.

PLANNING COMMISSION AGENDA REPORT

PC CASE NO. 2020-06 CUP 5931 Pacific Blvd

February 3, 2021

Page 8 of 12

6. **There are adequate provisions for public access, water, sanitation and public utilities and services to ensure that the proposed use would not be detrimental to public health, safety and general welfare.**

Finding: Vehicular and pedestrian access to the site would be provided through Pacific Blvd, a public alley, and the existing driveways. The proposed request for the accessory drive-thru component will not significantly intensify public access, water, sanitation, and public utilities and services. The project will not require changes to existing public utilities. Given that the surrounding area is already completely developed with public access, water, sanitation, and other public utilities, the proposed project would not affect these infrastructures or require any types of modifications. In addition, the proposed project would not impede the accessibility to public access, water, sanitation, or other public utilities and services.

- ***Conclusion***

Based on the above analysis, staff has determined that with the recommended conditions of approval, the proposed project complies with the HPMC and all of the required findings in support of a Conditional Use Permit can be made. Therefore staff recommends approval of the applicant's request to allow an additional ATM machine, a new drive-thru lane, and the associated improvements to the existing commercial bank site, subject to conditions, at 5931 Pacific Blvd.

RECOMMENDATION:

Based on the evidence presented, it is the recommendation of Planning Division Staff that the Planning Commission adopt the Categorical Exemption, make the required findings and requirements set forth in the Huntington Park Municipal Code, and **adopt PC Resolution No. 2020-06 CUP**, subject to the following proposed conditions of approval and/or other conditions that the Planning Commission may wish to impose.

10. Any proposed signage shall be reviewed and approved by the Planning Division under a separate permit. All proposed signage shall comply with the requirements of the Huntington Park Municipal Code and/or Master Sign Program of the subject site.
11. That all existing and/or proposed mechanical equipment and appurtenances, whether located on the rooftop, ground level or anywhere on the property shall be completely shielded/enclosed so as not to be visible from any public street and/or adjacent properties. Such shielding/enclosure of facilities shall be of compatible design related to the building structure for which such facilities are intended to serve.
12. A separate Landscape Plan, prepared by a licensed design professional shall be submitted to the Planning Division for review. Landscape plan shall be revised to identify new landscaping material. An application along with all submittal requirements shall be submitted. All applicable fees shall be paid at the time of submittal.
13. That any proposed on-site utilities, including electrical and telephone, be installed underground and be completely concealed from public view as required by the Planning Division.
14. That the Applicants comply with all of the provisions of Title 7, Chapter 9 of the Huntington Park Municipal Code relating to Storm Water Management. The Applicants shall also comply with all requirements of the National Pollutant Discharge Elimination System (NPDES), Model Programs, developed by the County of Los Angeles Regional Water Quality Board. This includes compliance with the City's Low Impact Development (LID) requirements.
15. That this entitlement shall be subject to review for compliance with conditions of the issuance at such intervals as the City Planning Commission shall deem appropriate.
16. That the violation of any of the conditions of this entitlement may result in a citation(s) and/or the revocation of the entitlement.
17. That this entitlement may be subject to additional conditions after its original issuance. Such conditions shall be imposed by the City Planning Commission as deemed appropriate to address problems of land use compatibility, operations, aesthetics, security, noise, safety, crime control, or to promote the general welfare of the City.
18. That this entitlement shall expire in the event it is not exercised within one (1) year from the date of approval, unless an extension has been granted by the Planning Commission.
19. That if the use ceases to operate for a period of six (6) months the entitlement shall be null and void.

PC RESOLUTION NO. 2020-06

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF HUNTINGTON PARK, STATE OF CALIFORNIA, APPROVING A CONDITIONAL USE PERMIT IN CONNECTION WITH REAL PROPERTY LOCATED AT 5931 PACIFIC BLVD., HUNTINGTON PARK, CALIFORNIA.

WHEREAS, a public hearing was held in the City Hall, 6550 Miles Avenue, Huntington Park, California on Wednesday, February 3, 2021 at 6:30 p.m. pursuant to the notice published and posted as required by law in accordance with the provisions of the Huntington Park Municipal Code (HPMC), upon an application from Curtom-Dunsmuir, requesting Planning Commission approval of a Conditional Use Permit to allow an accessory drive-thru and ATM for a bank located at 5931 Pacific Blvd., within the Commercial General (CG) zone at the property described below:

Assessor's Parcel No. 6320-003-022 City of Huntington Park, County of Los Angeles; and

WHEREAS, a Special Planning Commission meeting was held on February 3, 2021 in accordance with the provisions of the Huntington Park Municipal Code (HPMC); and

WHEREAS, the Planning Division has reviewed the request and has found that all of the required findings for approval of a Conditional Use can be made as required by the Municipal Code; and

WHEREAS, the Planning Commission has considered the environmental impact information relative to the proposed request; and

WHEREAS, all persons appearing for or against the approval of the Conditional Use Permit and Development Permit were given the opportunity to be heard in connection with said matter; and

WHEREAS, all written comments received prior to the hearing, and responses to such comments, were reviewed by the Planning Commission; and

WHEREAS, the Planning Commission is required to announce its findings and recommendations.

NOW, THEREFORE, THE PLANNING COMMISSION OF THE CITY OF

1 **HUNTINGTON PARK DOES FIND, DETERMINE, RECOMMEND AND RESOLVES AS**
2 **FOLLOWS:**

3 **SECTION 1:** Based on the evidence in the Environmental Assessment
4 Questionnaire, the Planning Commission adopts the findings in said Questionnaire and
5 determines that the project, as proposed, will have no significant adverse effect on the
6 environment and adopts an Environmental Categorical Exemption (CEQA Guidelines,
7 Section 15301, Existing Facilities.

8 **SECTION 2:** The Planning Commission hereby finds that all of the following required
9 findings can be made for a Conditional Use Permit in connection with Case No. 2020-06
10 CUP:

- 11 **1. The proposed use is conditionally permitted within, and would not impair the
12 integrity and character of, the subject zoning district and complies with all of
13 the applicable provisions of this Code.**

14 **Finding:** The proposed accessory drive-thru is conditionally permitted within the
15 subject zoning district. The subject zoning district, Commercial General (CG), is
16 intended to provide for restaurants, general retail, professional office, and service-
17 oriented business activities serving a community-wide need under design standards
18 that ensure compatibility and harmony with adjoining land uses. In addition, the
19 proposed project complies with the requirements of the HPMC.

- 20 **2. The proposed use is consistent with the General Plan.**

21 **Finding:** The proposed project is consistent with the General Plan, specifically, the
22 proposed use is consistent with Goal 1.0; Policy 1.2 of the Land Use Element of the
23 General Plan by encouraging community-oriented service in Huntington Park while
24 continuing to revitalize Pacific Boulevard as a regional retail destination. The
25 proposed ATM drive-thru will provide the community with enhanced service-
26 oriented options.

- 27 **3. The approval of the Conditional Use Permit for the proposed use is in
28 compliance with the requirements of the California Environmental Quality Act**

1 (CEQA) and the City's Guidelines.

2 **Finding:** The proposed use of an accessory drive-thru is Categorically Exempt
3 pursuant to Article 19, Section 15301 (Existing Facilities) of the California
4 Environmental Quality Act (CEQA) Guidelines.

5 **4. The design, location, size and operating characteristics of the proposed use**
6 **are compatible with the existing and planned future land uses within the**
7 **general area in which the proposed use is to be located and will not create**
8 **significant noise, traffic or other conditions or situations that may be**
9 **objectionable or detrimental to other permitted uses operating nearby or**
10 **adverse to the public interest, health, safety, convenience or welfare of the**
11 **City.**

12 **Finding:** The proposed project is located on a lot that measures approximately
13 37,500 square feet. The design, location, size, and operating characteristics of the
14 proposed drive-thru facility is not expected to be detrimental to the public health,
15 safety and welfare of the City. The proposed project will be harmonious and
16 compatible with the existing commercial and service uses presently located within
17 the vicinity and zoning district. The design, materials, and aesthetics of the
18 proposed ATM match the existing building. Additionally, the site has adequate
19 vehicle circulation, parking, and access. The addition of a new drive-thru lane and
20 ATM will reduce queueing and wait times at the existing ATM machine. The
21 operation of the proposed ATM and drive-thru lane will match the operation of the
22 existing ATMs. The proposed project should result in less cars lining up into the
23 existing alley and reduced traffic throughout the site.

24 **5. The subject site is physically suitable for the type and density/intensity of use**
25 **being proposed.**

26 **Finding:** The proposed project is located on a lot that measures approximately
27 37,500 square feet. In addition, the subject site is currently developed with an
28 existing single tenant commercial building measuring 10,402 square feet. The

1 project does not propose any additional square footage. The subject tenant space
2 has historically been utilized as a commercial banking use with multiple ATMs and
3 an existing drive-thru lane. Therefore, the subject site is physically suitable for the
4 type and density/intensity of the use being proposed.

5 **6. There are adequate provisions for public access, water, sanitation and public
7 utilities and services to ensure that the proposed use would not be
8 detrimental to public health, safety and general welfare.**

9 **Finding:** Vehicular and pedestrian access to the site would be provided through
10 Pacific Blvd, a public alley, and the existing driveways. The proposed request for
11 the accessory drive-thru component will not significantly intensify public access,
12 water, sanitation, and public utilities and services. The project will not require
13 changes to existing public utilities. Given that the surrounding area is already
14 completely developed with public access, water, sanitation, and other public
15 utilities, the proposed project would not affect these infrastructures or require any
16 types of modifications. In addition, the proposed project would not impede the
17 accessibility to public access, water, sanitation, or other public utilities and services.

18 **SECTION 4:** The Planning Commission hereby approves Case No. 2020-06 CUP,
19 subject to the execution and fulfillment of the following conditions:

20 **PLANNING**

21 1. That the property owner and Applicant shall indemnify, protect, hold harmless and
22 defend the City and any agency or instrumentality thereof, its officers, employees and
23 agents from all claims, actions, or proceedings against the City to attack, set aside, void,
24 annul, or seek damages arising out of an approval of the City, or any agency or
25 commission thereof, concerning this project. City shall promptly notify both the property
26 owner and Applicant of any claim, action, or proceeding to which this condition is
27 applicable. The City shall cooperate in the defense of the action, while reserving its right
28 to act as it deems to be in the best interest of the City and the public. The property owner
and Applicant shall defend, indemnify and hold harmless the City for all costs and fees
incurred in additional investigation or study, or for supplementing or revising any
document, including, without limitation, environmental documents. If the City's legal
counsel is required to enforce any condition of approval, the Applicant shall pay for all
costs of enforcement, including legal fees.

1 2. Except as set forth in subsequent conditions, all-inclusive, and subject to department
2 corrections and conditions, the property shall be developed substantially in accordance
3 with the applications, environmental assessment, and plans submitted.

4 3. That the proposed use shall comply with all applicable City, County, State and Federal
5 codes, laws, rules, and regulations, including Health, Building and Safety, Fire, Sign,
6 Zoning, and Business License.

7 4. That the use be conducted, and the property be maintained, in a clean, neat, quiet, and
8 orderly manner at all times and comply with the property maintenance standards as set
9 forth in Section 9-3.103.18 and Title 8, Chapter 9 of the Huntington Park Municipal Code.

10 5. That the business be operated in compliance with the City of Huntington Park Noise
11 Ordinance.

12 6. That any existing graffiti be removed from all exterior walls and/or surfaces prior to final
13 inspection.

14 7. That any future graffiti, as defined by Huntington Park Municipal Code Section 5-
15 27.02(d), shall be diligently removed within a reasonable time period.

16 8. That the operator shall maintain its City of Huntington Park Business License prior to
17 commencing business operations.

18 9. No outside storage shall be permitted.

19 10. Any proposed signage shall be reviewed and approved by the Planning Division under a
20 separate permit. All proposed signage shall comply with the requirements of the
21 Huntington Park Municipal Code and/or Master Sign Program of the subject site.

22 11. That all existing and/or proposed mechanical equipment and appurtenances, whether
23 located on the rooftop, ground level or anywhere on the property shall be completely
24 shielded/enclosed so as not to be visible from any public street and/or adjacent
25 properties. Such shielding/enclosure of facilities shall be of compatible design related to
26 the building structure for which such facilities are intended to serve.

27 12. A separate Landscape Plan, prepared by a licensed design professional shall be
28 submitted to the Planning Division for review. Landscape plan shall be revised to identify
 new landscaping material. An application along with all submittal requirements shall be
 submitted. All applicable fees shall be paid at the time of submittal.

13. That any proposed on-site utilities, including electrical and telephone, be installed
 underground and be completely concealed from public view as required by the Planning
 Division.

14. That the Applicants comply with all of the provisions of Title 7, Chapter 9 of the
 Huntington Park Municipal Code relating to Storm Water Management. The Applicants
 shall also comply with all requirements of the National Pollutant Discharge Elimination

1 System (NPDES), Model Programs, developed by the County of Los Angeles Regional
2 Water Quality Board. This includes compliance with the City's Low Impact Development
3 (LID) requirements.

4

5 15. That this entitlement shall be subject to review for compliance with conditions of the
6 issuance at such intervals as the City Planning Commission shall deem appropriate.

7 16. That the violation of any of the conditions of this entitlement may result in a citation(s)
8 and/or the revocation of the entitlement.

9 17. That this entitlement may be subject to additional conditions after its original issuance.
10 Such conditions shall be imposed by the City Planning Commission as deemed
11 appropriate to address problems of land use compatibility, operations, aesthetics,
12 security, noise, safety, crime control, or to promote the general welfare of the City.

13 18. That this entitlement shall expire in the event it is not exercised within one (1) year from
14 the date of approval, unless an extension has been granted by the Planning
15 Commission.

16 19. That if the use ceases to operate for a period of six (6) months the entitlement shall be
17 null and void.

18 20. That should the operation of this establishment be granted, deemed, conveyed,
19 transferred, or should a change in management or proprietorship occur at any time, this
20 Conditional Use Permit shall be reviewed.

21 21. The Director of Community Development is authorized to make minor modifications to
22 the approved preliminary plans or any of the conditions if such modifications shall
23 achieve substantially the same results, as would strict compliance with said plans and
24 conditions.

25 22. That the applicant and property owner agree in writing to the above conditions.

REQUEST

I/We hereby request a Conditional Use Permit (CUP) for the following purpose:

To install (1) additional new ATM machine and (1) additional ATM drive-thru lane in the existing parking lot.

In order for the Planning Commission to approve a CUP, the Huntington Park Municipal Code requires that all of the following findings be made:

- A. The proposed use is conditionally permitted within, and would not impair the integrity and character of, the subject zoning district and complies with all of the applicable provisions of the Zoning Code;
- B. The proposed use is consistent with the General Plan;
- C. The approval of the Conditional Use Permit for the proposed use is in compliance with the requirements of the California Environmental Quality Act (CEQA) and the City's Guidelines;
- D. The design, location, size, and operating characteristics of the proposed use are compatible with the existing and planned future land uses within the general area in which the proposed use is to be located and will not create significant noise, traffic, or other conditions or situations that may be objectionable or detrimental to other permitted uses operating nearby or adverse to the public interest, health, safety, convenience, or welfare of the City;
- E. The subject site is physically suitable for the type and density/intensity of use being proposed; and
- F. There are adequate provisions for public access, water, sanitation, and public utilities and services to ensure that the proposed use would not be detrimental to public health and safety.

In order for the Planning Commission to determine if these findings are present in your case, the following questions must be answered by the applicant:

1. The site for this proposed use is adequate in size and shape. (Explain)

The existing site currently has (1) ATM lane, a 7'0" wide grass island with concrete curb, diagonal parking and a vehicle access lane. We propose relocating and reducing the width of grass island

to 5'0" wide and adding (1) new ATM machine, light pole, and clearance bar. We will remove the diagonal parking spaces and create (4) new parallel parking spaces.

2. The site has sufficient access to street and highways that are adequate in width and pavement type to carry the quantity and quality of traffic generated by the proposed use. (Explain)

All existing street access will remain and is adequate for the proposed use.

3. The proposed use will not be materially detrimental, nor have an adverse effect upon adjacent uses, buildings, or structures. (Explain)

Our proposal does not change the use of the existing space. We are expanding the ATM

accessibility by adding (1) additional ATM access lane and alleviating traffic back-up in the existing parking lot and alley.

4. The proposed Conditional Use Permit will not be in conflict with the General Plan. (Explain)

The General Plan identifies this site as located in a high commercial zone. This proposed project does not alter the existing use.

CERTIFICATE AND AFFIDAVIT OF APPLICANT: I/We certify that all statements made on this application are true and complete to the best of my knowledge. I/We understand that any false statements may result in denial of the requested permit or revocation of any issued permit. I/We further certify that I am, or have permission by, the property owner to conduct the proposed development applied for herein.
