WHAT IS A MUNICIPAL BUDGET

A municipal budget is a legally adopted financial plan that details a city's projected revenue and expenses for a specific fiscal year. It outlines how public funds will be allocated to provide essential services, as well as address the community's needs

PRIORITIES

It is an outline of policy priorities and goals of the elected councilmembers

LIMITS

It establishes funding levels and spending limits for the City's services and ensures departments do not overspend their budgets.

PROCESS

The budgeting process is an annual cycle in which the City prepares revenue estimates and the spending plan.

Basics of a Municipal Budget

OVERVIEW

Cities provide services including public safety, police, parks and recs, street maintenance, sewers, water, and receive different revenues to pay for the services

GUIDELINES

There are strict legal guidelines for collecting and using the revenue available to cities in the State of California. This is based on the State Constitution, and State Statute.

THE STATE LEGISLATURE, LOCAL GOVERNMENT AND THE VOTERS

Options to local officials to manage their finances and raise revenues are limited. Voters have placed restrictions as well as protections on the state constitution. Both have acted to limit and withdraw financial powers and resources from cities.

LIMITATIONS

Property Taxes may not be increased except with a two-third vote to fund a general obligation bond. Voter approval is required prior to enacting increasing or extending any type of local tax,

REVENUES

PROPERTY TAXES

All cities in California receive property taxes and are distributed according to state law

SERVICE CHARGES

This includes utility rates, regulatory, development fees, user fees, and others.

RENT FOR USE OF PUBLIC PROPERTY

City Organizational Chart

ONE-YEAR BUDGET PROCESS

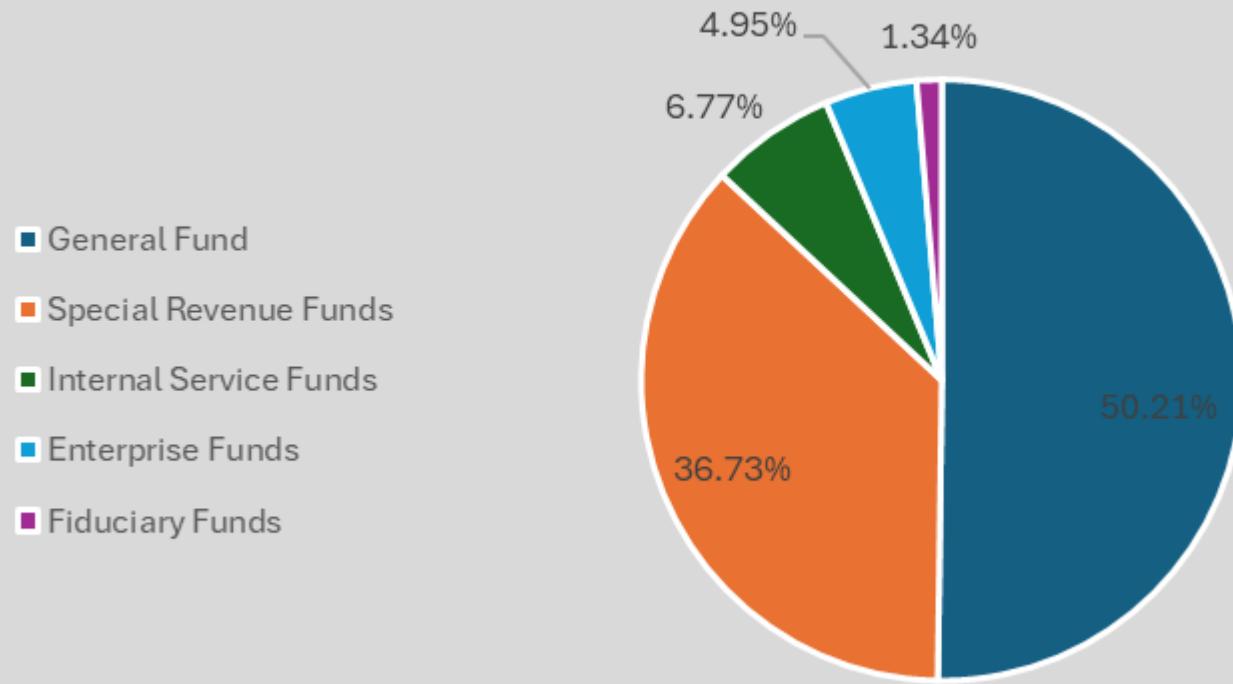

CITY FUNDS REVENUES - \$93,931,680 – FY 2024/2025

The City revenues are composed of a series of governmental funds that included the General Fund, Special Revenue Funds, Internal Service Fund, Enterprise and Fiduciary funds.

Besides the General Fund, the rest of the other funds accumulate resources and expenditures that are restricted to the specific purpose of each individual fund.

Some of these funds account for federal grants, state resources, County funding special assignment such as street lighting and Capital Project Funds.

Govermental Funds - REVENUES

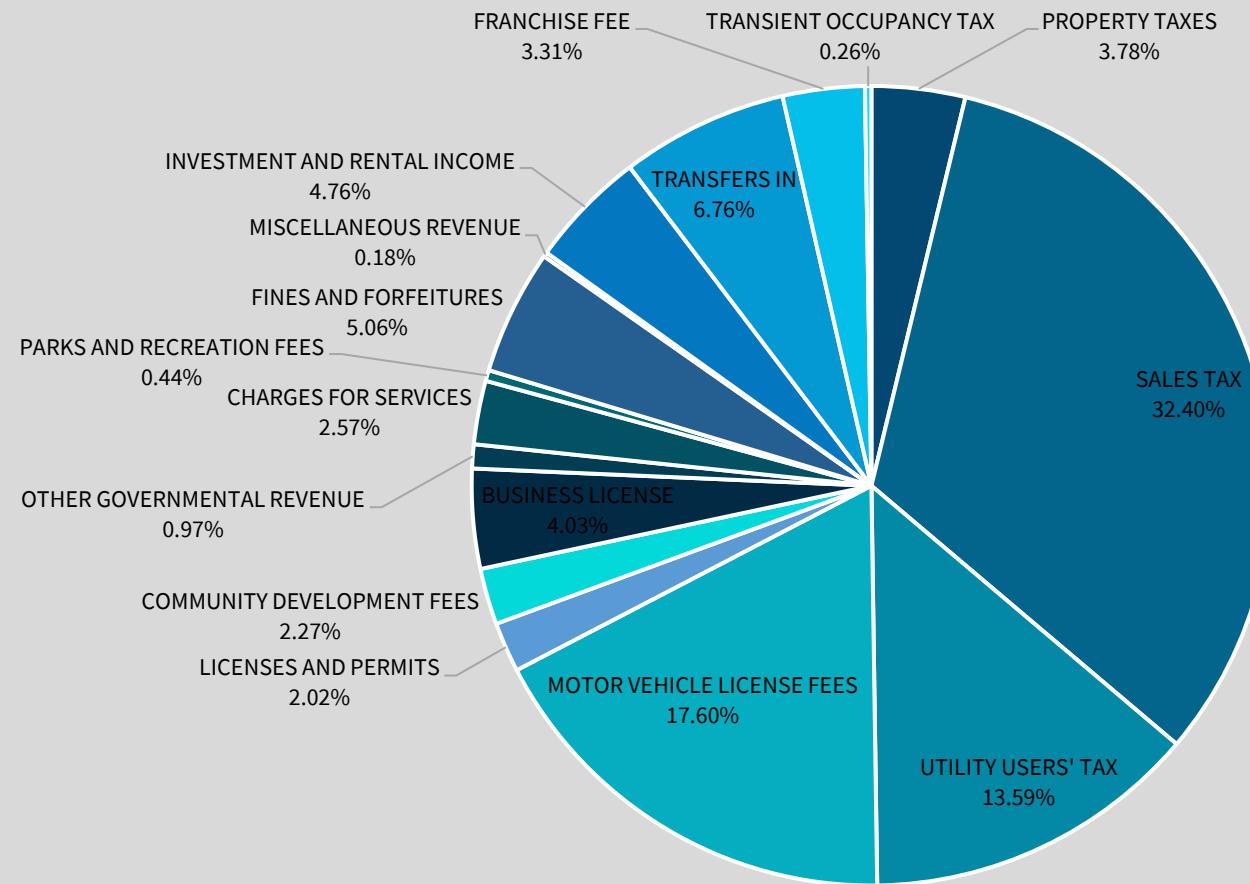

GENERAL FUND - \$47,160,900 - FY 2024/2025

The City's **General Fund** accounts for all the general revenues of the city such as fees, code and parking citations, property taxes, sales tax, transient occupancy tax and utility user tax.

These funds are allocated by the City Council for various citywide services, events, and projects.

SPECIAL REVENUE FUNDS - \$34,500,780 – FY 2024/25

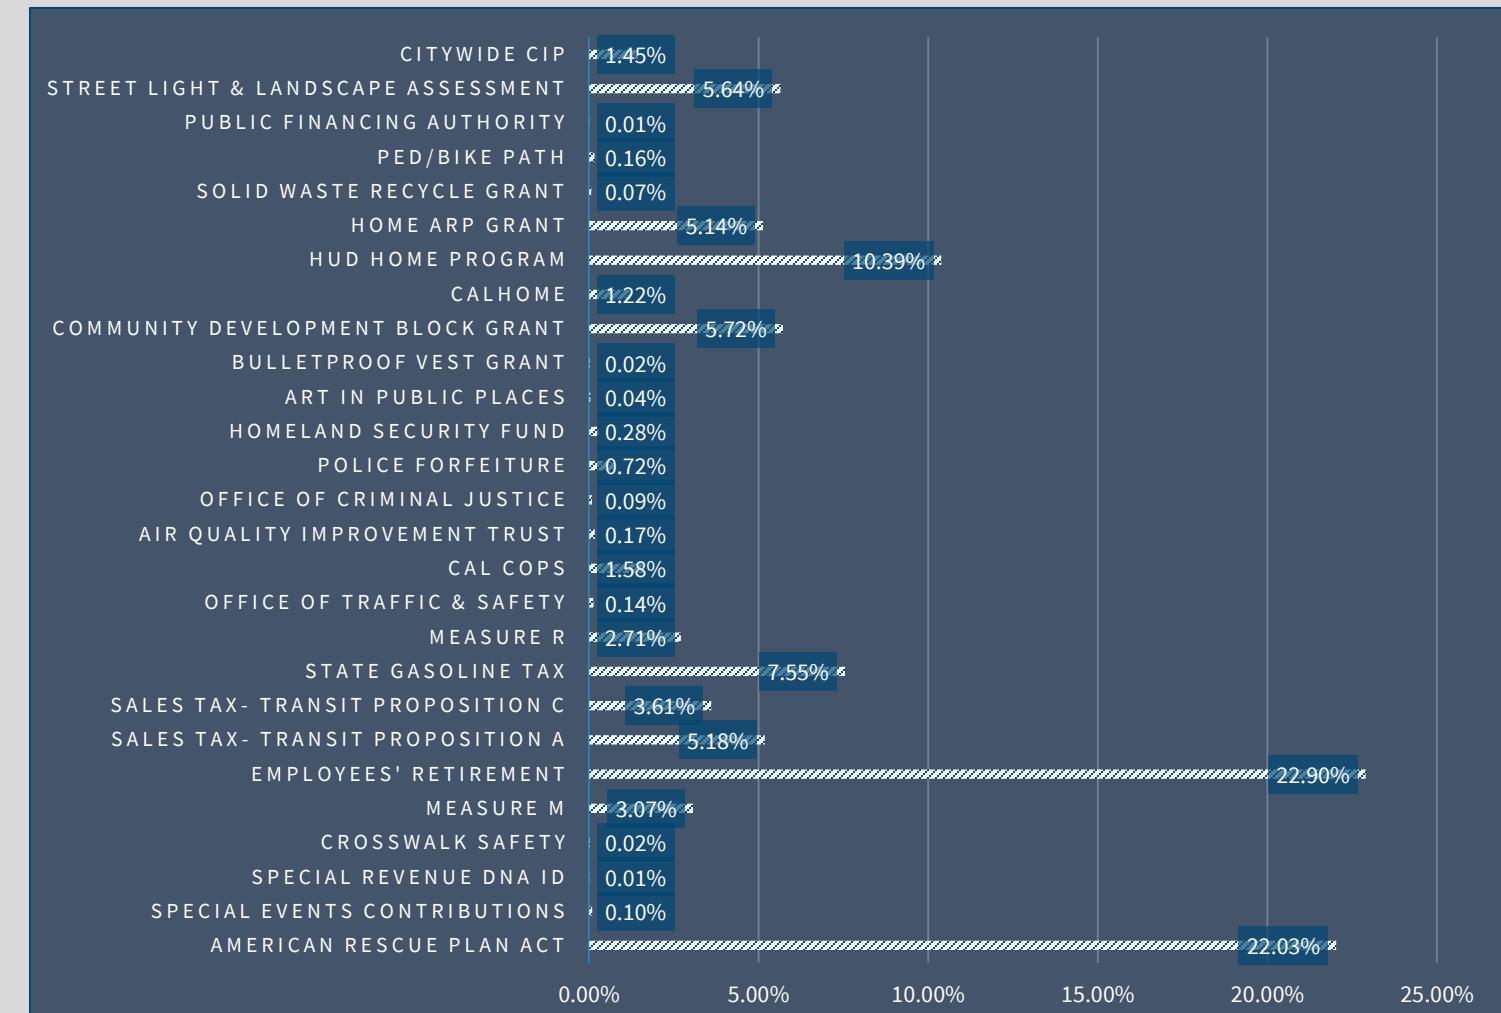

The Special Revenue Fund is composed of a series of governmental funds that are restricted and have a specific purpose, here are some examples:

American Rescue Plan: This revenue was derived from a one-time grant to help cities manage the economic impacts of the Covid-19 pandemic.

Housing Program Fund: The revenues in these funds can only be used to pay for specific housing related programs.

Community Development Block Grant: The CDBG Fund is required by Federal Regulations to accounts for the use of federal grant to provide housing programs and other public benefits.

Streetlight & Landscape Funds: Revenues used to pay for costs associated with the streetlights, traffic signals, and street trees.

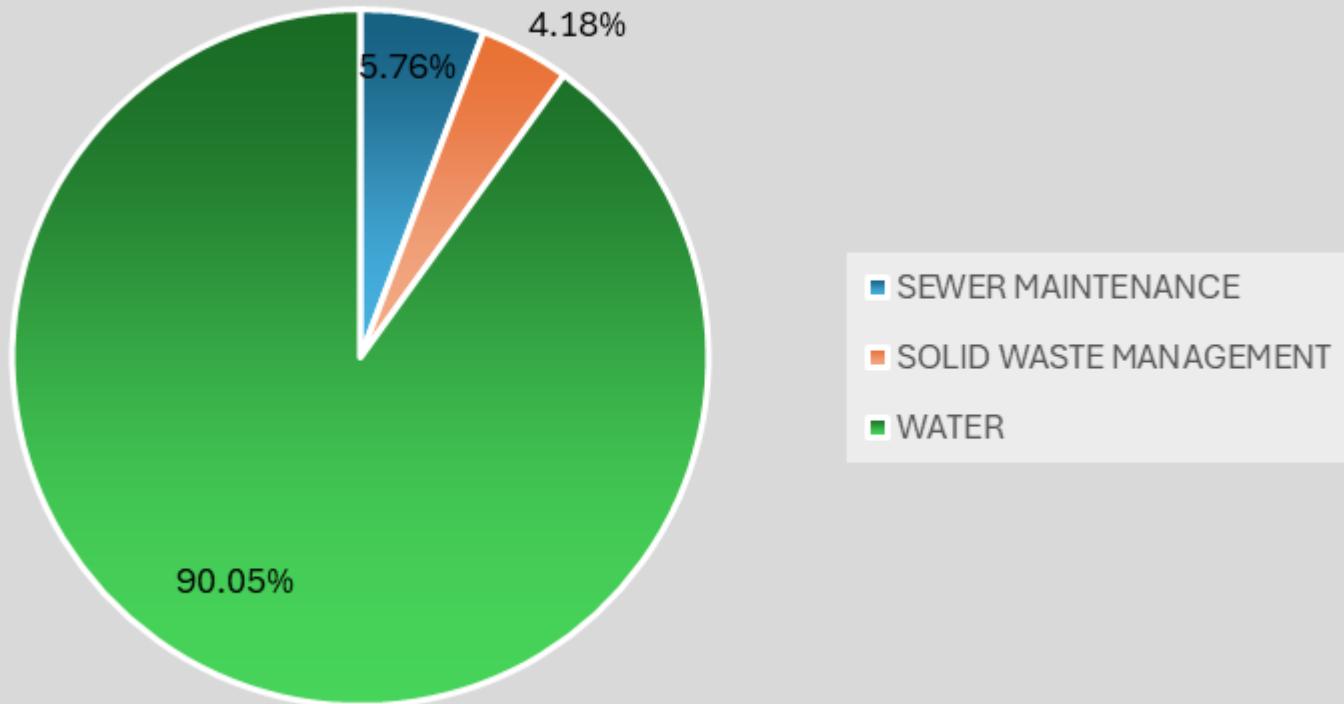

ENTERPRISE FUNDS - \$4,642,100 – FY 2024/25

Enterprise Funds are used to account for two kinds of operations. One is an operation run in a manner like private business enterprises, where costs and expenses are financed or recovered primarily through user charges.

The other type of fund is one which the City has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, or accountability.

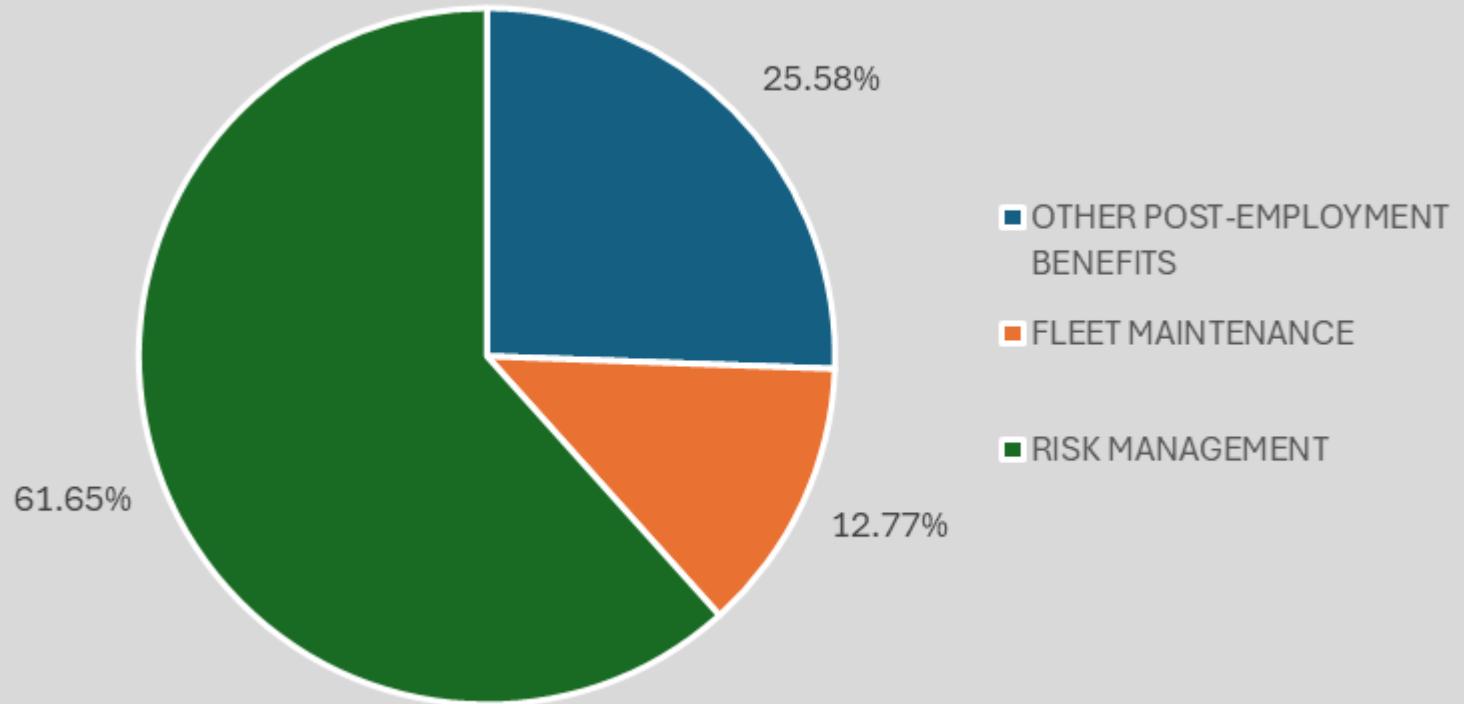

The City currently operates the Solid Waste, Sewer, and Water utilities as Enterprise funds.

INTERNAL SERVICE FUNDS - \$6,361,800 – FY 2024/25
