Have excess food waste?
Find a donation partner by going to FoodFinders.org

Please place food waste in a plastic bag, tied securely, and place yard waste directly in bin.

NO Batteries, **NO** Electronic Waste, **NO** Hazardous Waste Accepted in any bin

Additional Services Available

Bulky Items & Electronic Waste Pickups

For multifamily properties with more than 4 units, items such as refrigerators or chairs, that will not fit in your bin will require a special pick up. We will pick up bulky items or electronics with a limit of 4 items per pickup. Electronic waste includes electrically powered equipment such as TV and computer monitors, phones, radios, stereo equipment, and calculators.

Container Rentals

From construction, demolition, or garage clean ups, we provide dumpster rentals for all your disposal needs. For more information or a free quote, please visit valleyvistaservices.com/dumpster-rental/ or call us at (800) 442-6454.

Hazardous Waste

Hazardous waste includes items that are corrosive, flammable, or toxic. If not disposed properly, items such as batteries, fluorescent light tubes, and non empty aerosol cans are harmful to the environment and to human health. Please visit CleanLA.com for more information on proper disposal of hazardous waste.

Site Visits & Waste Assessments

Valley Vista Services can help you identify the appropriate size and frequency for your business while keeping you compliant with applicable recycling laws. Let us help create a program that is perfect for your business!

Recycling Legislation

SB 1383 Effective January 2022

Short Lived Climate Pollutant Reduction Strategy

This bill requires:

- Organic waste collection services to all commercial businesses and residential properties.
- Food producers to donate excess edible food.
- Businesses will also need separate containers for organic waste and recyclables to be visible for their employees, customers, or tenants.

This law is implemented by your local jurisdiction and overseen by CalRecycle.

AB 341 Effective July 2012

Mandatory Commercial Recycling

Requires businesses and public facilities to enroll in recycling services and to recover as much waste as possible.

Holiday Schedule

Collection Service will not run on these holidays:

- | | |
|--------------------|--------------------|
| • New Year's Day | • Labor Day |
| • Memorial Day | • Thanksgiving Day |
| • Independence Day | • Christmas Day |

If your regular collection day falls on or after one of these holidays, pick up will be delayed one day.

Why have an organic waste bin?

Landfills are responsible for 30% of California's green house gas emissions. When organic waste goes to a landfill, it is forced to decompose without oxygen, creating methane gas.

To reduce this percentage California passed (SB) 1383 which requires businesses and residential properties to enroll in organic waste recycling. This bill will also require businesses to donate excess edible food to a food bank or non-profit.

Valley Vista Services can help you get into compliance with our organics program!

Our sustainability team is trained to help assist your business in this transition. We will provide:

- Waste assessments to find the best program for your business
- Free on site employee training
- Free educational materials

For any questions, or to schedule an appointment please email organics@myvvs.com.
