# Executive Summary

## BACKGROUND

Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the President signed it on March 27, 2020 authorizing \$2.2 trillion in a variety of stimulus measures to prevent, prepare for, and respond to the COVID-19 pandemic. The law includes a special allocation of the Community Development Block Grant (CDBG-CV) to enable communities to effectively address the impact of COVID-19 on their communities, especially low- and moderate-income residents. This substantial amendment No. 5 to the City's 2019-2020 Annual Action Plan will allocate the City's remaining balance of CV funds. It should be noted that the City's previous substantial amendments that allocated the CDBG-CV funds to activities (Substantial Amendments No.1, No. 2, No. 3, and No. 4) were previously approved by City Council on December 3, 2019 (Substantial Amendment No. 1), May 19, 2020 (Substantial Amendment No. 2), June 11, 2020 (Substantial Amendment No. 3), and April 6, 2021 (Substantial Amendment No. 4)

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

During the initial planning and programming of these resources, the Community Development Departments collaborated closely with other city departments and monitored available funding sources at the local, state, and federal levels. This approach ensures that the City does not provide duplicative assistance and effectively addresses the unmet needs and gaps for low- and moderate-income residents.
